Highly motivated software development intern eager to gain hands-on experience in building robust and innovative software solutions. With a solid foundation in programming languages and a passion for problem-solving, I am excited to contribute to a dynamic team and learn from experienced professionals in the field. Detail-oriented and committed to delivering high-quality code, I am eager to apply my technical skills to real-world projects, expand my knowledge, and make a meaningful impact.

SKILLS

- HTML/CSS/Bootstrap
- Javascript/JQuery
- Node.js/Express

- C#
- ASP.NET Core Framework
- SQL/T-SQL

PROJECTS

OPENAI API APP
- Developed a basic bot chat web application
- Implemented OpenAI API for generating response back to user using the GPT-3.5-Turbo Model
- Utilized: OpenAI API, Javascript, Node.js, Vite, HTML/CSS

TRAVEL EXPERTS FULL-STACK APP
- Developed a responsive web application that allowed customers to register and authenticate login information, view travel packages offered by the Travel Experts group and authorized logged in customers to view their past booking and transaction details
- Incorporated persistent data to store and display existing and new customer information
- Built using the MVC design pattern for easy scalability and maintenance
- Utilized: C#, ASP.NET Core, MSSQL, Razor, Bootstrap
